

## DONATION FORM

Please accept the enclosed donation to help support the efforts of your organization. This contribution is part of Souper Bowl of Caring, a youth-led initiative to tackle hunger in local communities across the country.

For the past 30 years, thousands of youth across the country have utilized the energy and enthusiasm of the Big Game to care and serve others. They unite together to take up collections of food or dollars and volunteer in their community. 100% of all collections are donated directly to each group's charity of choice. WE CHOSE YOU. We wish you continued success in all you do.
